STUDIES  
LUCCA

# 2019/20

## CALL FOR PHD APPLICATIONS

### 32 POSITIONS

IMT School for Advanced Studies Lucca's **multidisciplinary PhD programs** offer a unique and characteristic patrimony of competences within the broad framework of the analysis and management of a plurality of systems. IMT attracts bright students, young researchers and professors through **competitive, transparent procedures** at an international level.

All positions are fully funded for up to 4 years (**no tuition fees**); the admitted 32 candidates will also receive a **research grant** (which will amount to €15,300 gross/year) and **free housing** in the School's **residential campus**.

All students will have free daily access to the **canteen** and **library**.

One PhD position is reserved for a candidate interested in writing his/her PhD thesis on economics and management within the context of a joint PhD agreement with the KU Leuven.

Candidates can apply if they receive their undergraduate degree no later than October 31<sup>st</sup>, 2019.

Classes will start on November 4<sup>th</sup>, 2019.
